

Tango y Nada Mas

Tango y Nada Mas brings more than 25 years of experience in Argentine Tango to London through classes, workshops and performances. We share the Tango culture of Buenos Aires with an emphasis on the music, the embrace, the walk and social dancing. Our aim is to inspire people with this beautiful improvised dance and to build a community of like-minded dancers here in London.

1 - The Fundamentals

Enhancing the embrace; including the look and feel of the grounding from 'position zero' to taking the first steps, by using and enhancing your techniques of walking, the embrace and musicality in readiness for the workshop practica

2 - Emblematic Figures

"Giro ritmico" - The rhythmic giro (hero) is extremely useful for small-space tango, especially during busy Milongas where guardianship of the floor and personal space is paramount. Time permitting we will include double-timing moves in readiness for the workshop practica

Both workshops are ideal preparation for the evening Milonga, so save money and purchase both workshops
